NATIONAL BUSINESS DEVELOPMENT GROUP

There simply isn't enough time or money in the budget to second-guess the products you specify for your project, or to worry if product support will be available before, during and after the project.

The Euclid Chemical Company provides a group of highly trained professionals available in local offices across North America who are dedicated specifically to supporting owners and design professionals. Our experienced Business Development Group is available to support you and your projects using Euclid Chemical products and solutions available through a network of over 1,200 distributors, ready mixed concrete, precast, masonry, and tilt-up producers and suppliers.

The National Business Development Group works with owners, architects, engineers, and general contractors to provide the following services:

- ♦ **Pre-Construction Services:** Continuing Education Seminars and Specification Services as required
- ♦ **Construction Services:** Pre-Design and Pre-Construction Meetings support
- ♦ **Post-Construction Support**
- ♦ **Forensics / Repair:** State-of-the-art petrographic laboratory that is fully staffed for providing comprehensive testing and reporting of concrete-related issues, and repair recommendations
- ♦ **National Account Program:** Supporting building owners to provide economical solutions to construction projects
- ♦ **Industry Involvement:** High level of participation in leading industry associations
