UNLEASH THE BEAUTY OF SEAMLESS FLOORING

To create remarkable floors with efficiency and affordability in mind, Euclid Chemical's **INCRETE STONE CRAFT ELEGANCE** offers a revolutionary solution. Drawing inspiration from the technology behind solid surface countertops and sinks, this innovative flooring system combines the robustness of a 100% solids, low VOC resin with customized aggregates to deliver a self-leveling, resin-enriched floor that is remarkably easy to apply. INCRETE STONE CRAFT ELEGANCE mimics the refined look of terrazzo and polished concrete, but at a fraction of the cost. Transform your space with the beauty and durability of INCRETE STONE CRAFT ELEGANCE flooring.

KEY FEATURES:

Ideal for Various Settings – Suited for light-to-medium traffic areas in schools, commercial buildings, retail and food service, and medical facilities

Vibrant Color Palette – Choose from 19 stunning colors to complement any decor.

Tailored to Your Vision – Batched aggregates are made to order for consistent color.

Custom Creations – Explore custom colors and blends for unique projects.

Enhanced Durability – Topcoat with urethane for extended abrasion resistance and gloss retention.

Versatile Aesthetics – A wide range of texture and sheen options available.

Exceptional Chemical Resistance – Engineered to withstand even the harshest environments, our product is highly chemical resistant, ensuring longevity and durability in a variety of applications.

FDA Compliance – INCRETE STONECRAFT ELEGANCE is a trusted choice where compliance with food safety regulations is paramount.

Flame-Extinguishing Properties – An added layer of protection in critical applications.
